KAY ELLWARD

SHARON HIGHTOWER

Since 1951 Belleville High School has chosen a Queen to reign over the Homecoming football game. Each year the Queen and the court are chosen by the student body. This year the Queen's identity was revealed at the half time program.

The court was composed of seniors Sharon Hightower, Kay Ellward and juniors Judy Cummings and Pat Belanger with senior Ginger Branham, Homecoming Queen of 1959.

The performance of the Belleville High School Marching Band highlighted the ceremony. Climaxing the events was a dance in the new gymnasium over which the Queen and her court reigned.

# Varsity Football

With a thirteen game winning streak behind them, the Tigers opened the 1959 season with a 13-12 victory over the Wayne Zebras. Redford Union came next in line as the Tigers clawed their way to a 35-6 win over the Panthers.

The tide turned with the third game of the season as Bentley turned their Bulldogs loose. The Tigers jumped back with a victory by one point over the Allen Park Jaguars. This win was only an interruption as the following two games with Trenton and Plymouth, in that order, were lost.

The most exciting game of the season was with Battle Creek. The Tigers and their supporters traveled halfway across the State to bring back a 13-6 victory.

The game at Farmington was played in the afternoon. In freezing weather we lost with a score of 6-0. The last game of the season, with Romulus, had to be called off due to bad weather.

Most valuable player this year was Jim Bachman and most improved player was John Ellward.

# *Varsity Basketball*

The Belleville cagers, although unable to take the championship away from Bentley this year did make a good showing for us by tying for second place with Redford Union in the league standing. In the tournaments we fought our way to a district crown and put up a violent fight for a regional title but Ann Arbor in one of the most exciting games of the tournaments squeezed by us and won by two points. Jerry Linderman set a new rebound record and almost broks the school record set by George Thompson of 335 points.

# Swimming

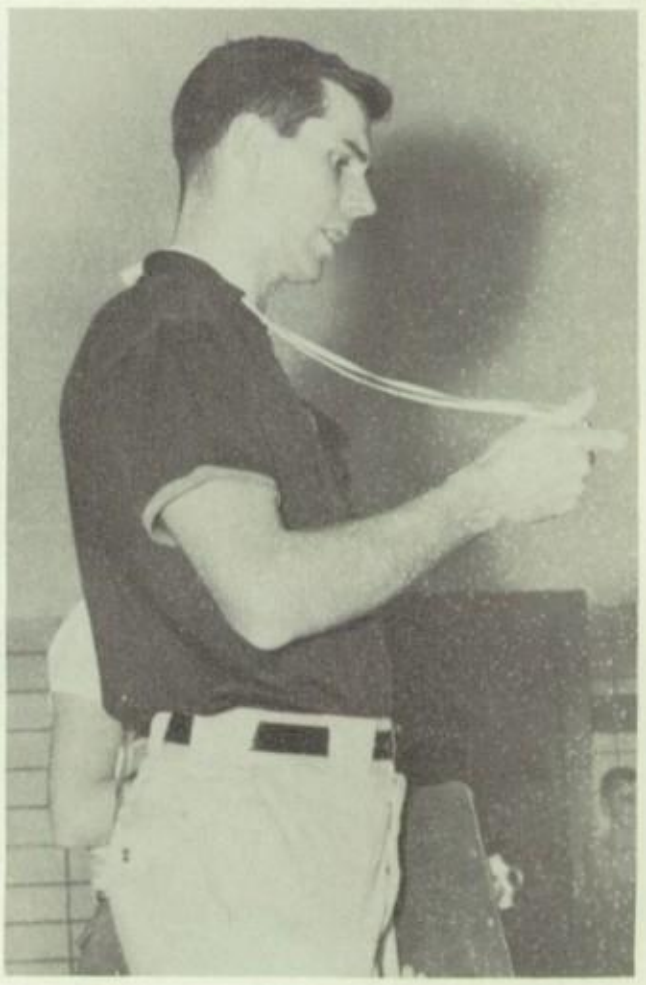
The Belleville Tiger Tankers, this year, did better than they have ever done. Although the team was smaller than it has been in the past, those who stayed and faithfully came to practice every day were rewarded in the end. Belleville ended the season higher in League standings than in previous years and won more medals at the League meet.

Jack Berg, who accounted for two of these, and Tony Lopucki, a diver, were elected co-captains for the 1960-61 season.

FRONT ROW—Gary Dunstan, John Bierman, Bruce Lopucki.
BACK ROW—Don Carnell, Jim Ford, Al Nali.

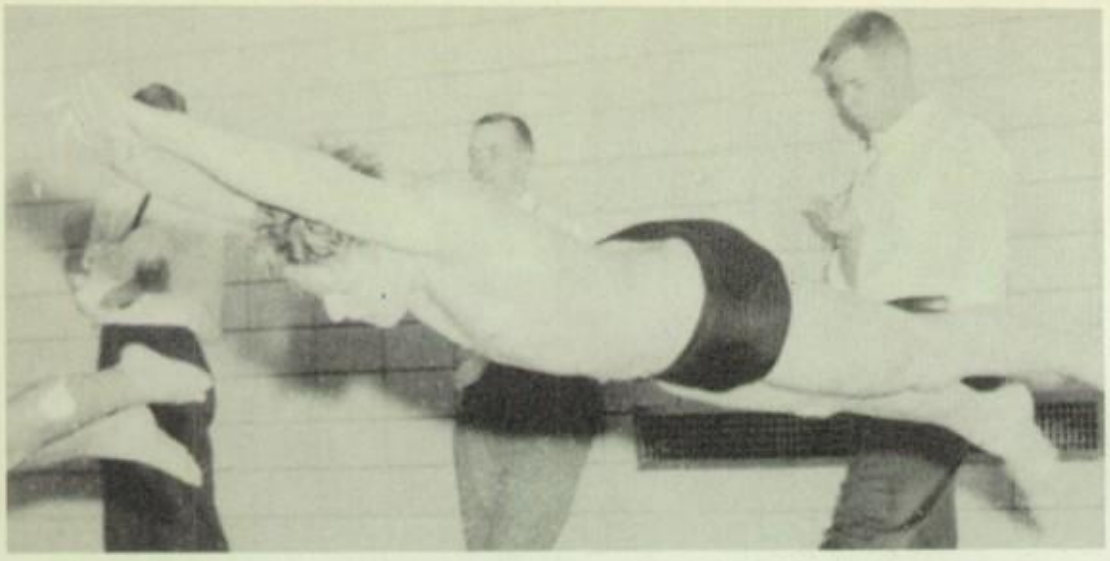
Jim Parry and Jack Berg starting off on the 200-yard free style against Riverview.

On the starting block, Gerry Savage starts off in the 200-yard freestyle relay.

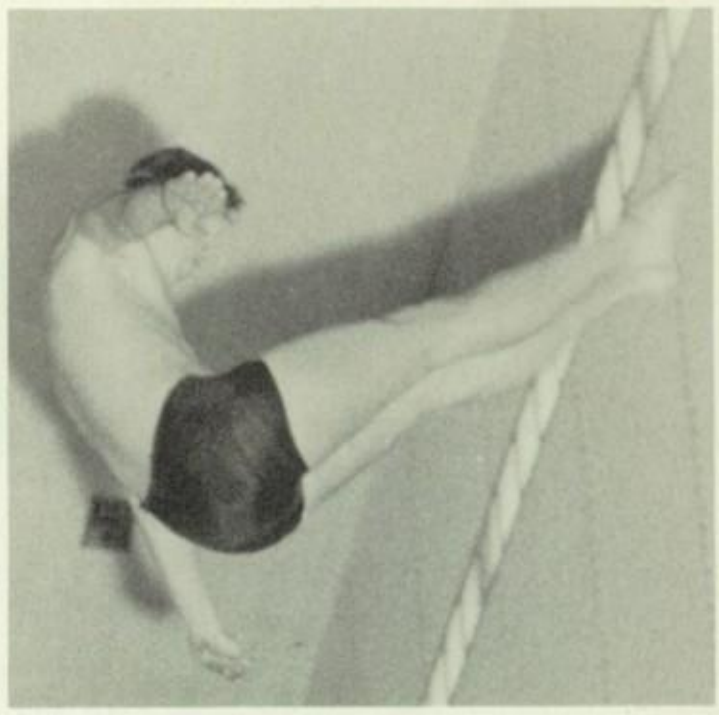


Coach Minor catches a time with the stop watch.

Gil Burm in the 100-yard butterfly.

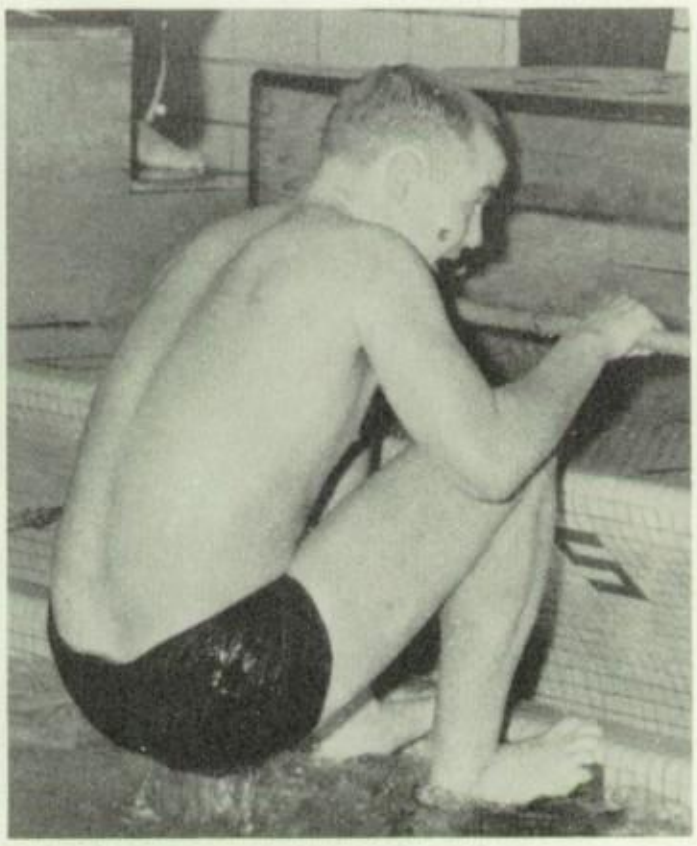


Jack Berg on his way toward setting the Trenton High School pool record of 24.9 seconds in the 50-yard freestyle.



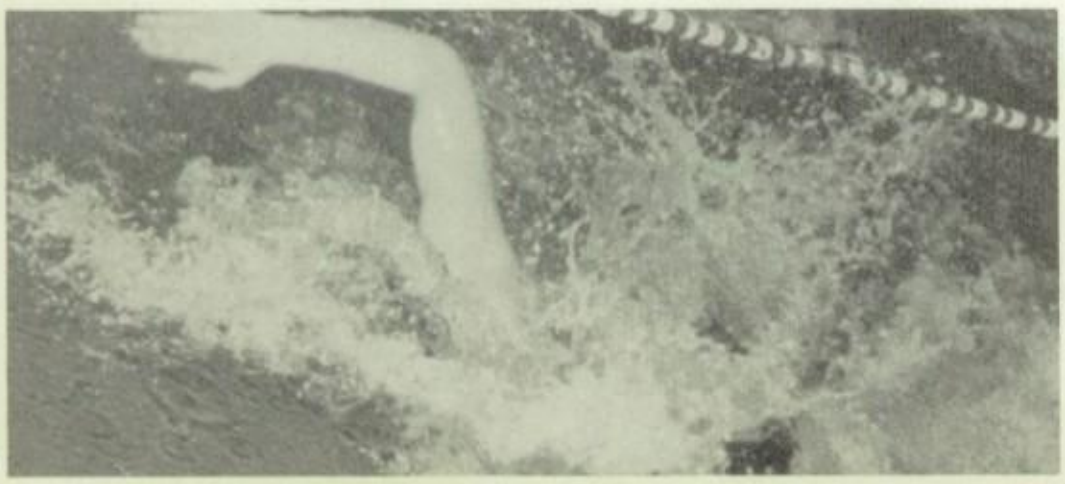
Larry Swartz goes topsy-turvy in a one and a half forward pike.

Tony Lopucki readies himself for a back dive.



Milligan crouches for the start of the 100-yard backstroke. George tied his previous record of 1:09.4 seconds.

Referee, George Wibby, awards Tony Lopucki a 7 on a forward pike.



Jim Parry in the 200-yard free style against Riverview.

First Row—Greta Smith, Nancy McCartney, Kay Burdick, Diane Dunstan, Miquee Elkins, Calesta Hergert, Sandra Bruder, Karen Shough, Patty Robson.

Second Row — Carol Faye, Shirley Prieb, Lynette Heinge, Ellen Wilkinson, Mary Kubat, Linda Wallace, Sue Fry, Pat Emerson, Glenda Mulready.

# LIVE HAPPILY EVER AFTER— ELECTRICALLY

*Are you coming back for more education? Getting a job? Establishing a home? What's all this got to do with electricity? Just this: Whatever the future brings you, electricity will be there to help.*

*For* right now *we are entering a whole new era of electric living. The home you start will be easier to take care of, more fun to live in, with help from electric appliances. Complete electric home heating, practical and convenient, is growing every day. Your job will be smoother, too, with electrically operated equipment and an increasing array of electronic devices. Even your education benefits from continuing research in many fields related to electricity. One day, you personally may help to create new and better ways to do things electrically.*

*So no matter who you are, where you are or what you're doing, your future will continue to be brighter, your life will be lighter through electricity.*
